Dear Sir:

We note that your Society recently presented the Queen of the Belgians with a gold medal, and would very much like to have you supply us with a photograph and technical description of the same.

May we also ask if your Society is interested in any other notable medals of timely interest at the present time, because as we told you, some time ago, we are anxious to keep the jewelers interested in medallic art, and the best way to do it is by publishing pictures and descriptions of medals that have a part in the news of the day.

Hoping to receive an early reply, we are

Yours very truly,

It gives me pleasure to send you herewith a reproduction of the gold medal which was presented to the Queen of the Belgians at the Public Library on Saturday last.
